The Past Ten Years

Sr. Design @Wealthfront
(Since 2014)

DIR @ SHV

Founding Designer
@ Sigma Computing

Head of Design
@ Ghost

A Founding Member of Ghost Autonomy

- Design Team of 15 (FTE/Contractors) at peak with Sr. Managers in Product Design and Creative Direction. I also served as an IC designer in all areas.

- 7 Patents in the fields of Machine Learning, Autonomous Vehicle Interfaces

- I scaled up a horizontal and cross-functional team to provide a unified experience across brand and product.

- My team developed alongside HW Engineering, SW Engineering, Product, Marketing

- Grew design team to provide strong representation at the earliest stages of the product development process.

- Represent and drive company culture forward - workplace design, swag, etc.
